

Dare to Venture

Chorus:

**Dare to venture, reach for a star
With hope and courage you'll travel far.
Dare to venture, reach for a star
And you'll discover just who you are**

If you give what you have and you reach for the sky,
then your dreams can come true if you only dare to try.
There's no end to your future or your chances for success
And in giving you'll find happiness.

Chorus:

If you follow the path that you find already there
you'll have nothing to show you'll leave nothing to share
But instead if you have hope and the will to carry on,
You can blaze a trail where no one's gone.

Chorus:

(Dare to venture, reach for a star)
Dare to venture, reach for a star
(With hope and courage you'll travel far.)
With hope and courage you'll travel far.
(Dare to venture, reach for a star)
Dare to venture, reach for a star
(And you'll discover who you are)
And you'll discover just who you are

So dare to venture

And reach for a star -a -ar.
